SESP PULSE

WEEKLY NEWSLETTER

About Us

SESP was established in 2012 as a national platform dedicated to preparing and qualifying talent. Since its inception, the institute has focused on developing specialized programs that align with the evolving needs of the labor market in the fields of energy and construction.

● Our Specializations

SESP offers a diverse range of technical and vocational specializations that combine theoretical knowledge with practical training. These include renewable energy, electricity and smart grids, construction, and operations and maintenance, in addition to occupational health and safety programs. The institute also emphasizes the development of English language skills and personal competencies to enable trainees to compete confidently both locally and regionally.

In this issue, we have prepared a list of our training programs and details of the specializations offered by the institute.

Last Week's Achievements

- Conducted a training bootcamp for school students in collaboration with NEOM Talent Academy.

- hosted and trained instructors from Princess Nourah University, in collaboration with NEOM Talent Academy and King Abdullah City for Atomic and Renewable Energy (K.A.CARE).

- Organized a blood donation campaign at the Baish and Juaymah campuses.

Wajdi A. Shaif
HOD - JTC

A Positive Impression on Our Canadian Visitor

I was assigned the task of receiving a visitor to our training Center from Sonsu, Canada. The guest was astonished by the facility we have and also the well-established academic programs we render compared to the range of short hands-on courses they provide.

Ali Mustafa
Mathematics Instructor

I Am proud to be recognized by a management that values its employees.

Ali Ahmed
IT Specialist - BTC

We are proud of the organization and teamwork that made the early medical screening campaign a success for SESP's trainees and staff this week.

Mohamed Farouk
English Instructor - JTC

Achievement in English Writing

Most of my students were able to write a 70-word paragraph in English.

Behind the scenes

Because we believe that our success is the result of teamwork, we love to share with you these behind-the-scenes moments that make our achievements possible.

Receiving the commemorative shield from Bisha General Hospital for participating in the blood donation campaign.

Practical training for trainees in Bish

Evacuation Training for NEOM Talented Trainees in Riyadh

Organizing a blood donation campaign in Al-Jua'imah

“Together at SESP”

Challenge of the Week

Question

What was the first international accreditation obtained by the Saudi Electric Services Polytechnic (SESP)?

Send your answer to the internal email: sesp_pulse@sesp.edu.sa

Prize: A symbolic gift , your name featured in next week's newsletter!

That's it for this week!

Don't forget to join the challenge and check if your name will be featured in our next issue
