🏆 SESP Achieves Accreditation from OTHM Qualifications

Approved Centre

SAUDI ELECTRIC SERVICES POLYTECHNIC

Legal name : Saudi Electric Services Polytechnic (SESP)
Company Reg. No. : 200413
Country : Saudi Arabia

Centre number : DC2512968

IS AN OTHM-APPROVED CENTRE

Valid until : 31 December 2030
Approval date : 08 December 2025
Issued date : 08 December 2025

Patricia Land
Chief Operating Officer
OTHM Qualifications
United Kingdom

- The Saudi Electrical Services Polytechnic (SESP) is proud to announce its accreditation by OTHM Qualifications, an Ofqual-regulated UK awarding body.
- This milestone allows SESP to deliver the world-class Level 6 Diploma in Occupational Health and Safety. This qualification ensures SESP graduates meet the highest international benchmarks for safety and sustainability, significantly enhancing their competency and aligning perfectly with the quality human capital development goals of Vision 2030.

💡 Gatehouse Award: SESP's Renewable Energy

- The Saudi Electrical Services Polytechnic (SESP) proudly achieved the globally recognized Gatehouse Award (GA) accreditation.
- This award validates the rigor and quality of SESP's vocational training, confirming that its facilities meet international benchmarks for excellence. This vital accreditation significantly enhances the professional credibility of SESP graduates, ensuring they possess high-demand competencies and empowering a qualified national workforce to drive the ambitious energy transition outlined in Vision 2030.

Certificate of Centre Approval

This is to certify that the following institution is approved to deliver Gatehouse Awards qualifications and examinations at the address given:

Saudi Electric Services Polytechnic (SESP)

4407 Zuhayr Ibn Qays - Al Iskan Dist. Unit No 25
14317 - 7494 Riyadh
Saudi Arabia

Centre Number: 2023/GA/348-11
Expiry Date: 2nd December 2026

Katie Powell
Executive Director
Gatehouse Awards Ltd

Last Week's News

- SESP Conducted a training bootcamp for female students from Jazan National Schools and Bish's 3rd Secondary School, in collaboration with NEOM Talent Academy.

SESP has signed pivotal Training-for-Employment agreements with Saudi Ceramics Company and Arrazan Company.

These partnerships are dedicated to developing and employing highly skilled Saudi technicians within the industrial sector, directly supporting the nationalization objectives of the workforce and contributing to the realization of Saudi Vision 2030.

A delegation from Jafurah Engineering Company visited our JTC campus to discuss possible collaboration and partnership opportunities, marking a promising step toward future cooperation.

SESP in Al-Ju'aymah has officially signed a Memorandum of Understanding (MoU) for community partnership with Al-Qimmah National Schools in Al-Ju'aymah. This strategic collaboration, signed on Wednesday, December 10, 2025, aims to bridge the gap between secondary education and the specialized technical needs of the electrical services sector.

Nasir Amin Abbasi

HSE Instructor -BTC

Nasir Amin Abbasi, HSE Instructor, BTC gave a brief practical session on the use and inspection of the grinder. He discussed all safety aspects, identified hazards, explained necessary precautions, and highlighted the required PPE.

Ali Raza Asghar

Technical Instructor - BTC

Students from Nesma Sections 3 & 4 delivered outstanding presentations this week. Their impressive command of English and newfound confidence were evident across diverse topics. Congratulations to all trainees for their remarkable achievement and inspiring progress.

Abdulrahman Hashim

Electrical Instructor -BTC

Nesma trainees achieved outstanding mid-term progress, mastering core electrical expertise through six practical modules. They demonstrated proficiency in safe isolation, two-way switching, ring/retail wiring, pump control, lighting systems, and doorbell circuits. This intensive, structured program built a strong foundation of real-world skills for their professional future in the electrical field.

Ahmad Mahmoud Faleh Al-Azzam

Technical Instructor- BTC

In a practical activity, trainees successfully designed and constructed a replica traffic light system.

The core objective was to apply theoretical knowledge by building an electromagnetic relay circuit capable of driving and sequencing the series of lights. This project demonstrated a strong grasp of control systems and practical electrical engineering principles.

Share Your Week!

Scan or Click the QR code to share your achievements, moments of teamwork, or thoughts from this week.

Let's celebrate our journey — one story at a time.

Behind the scenes

Because we believe that our success is the result of teamwork, we love to share with you these behind-the-scenes moments that make our achievements possible.

Pictured here enjoying a post-work external outing, the team demonstrates the vibrant spirit of collaboration and friendship that drives our success and supportive environment at the Institute.

Instructor Adnan Khan oversees GWO VR-Training for Basic Technical Training. Our trainers utilize modern VR technology for enhanced, immersive safety expertise.

Instructor Mils leads practical GWO-certified fire fighting training. Trainees gain vital skills and confidence in emergency response and suppression.

Instructor Faraz leads GWO Working at Height training, ensuring trainees master critical safety protocols for elevated environments.

Reflect on Your Week Take a Moment for Yourself

Quality isn't just a standard it's a mindset we bring to everything we do. Every time we choose clarity, accuracy, or improvement, we strengthen SESP's culture of excellence. Reflect on your week with a quality lens:

- What is one action you took this week that improved the quality of a process, task, or interaction?
- What's one quality habit you want to build next week? (Documentation, follow-ups, accuracy, communication, planning...)

Remember: Quality grows through small, consistent actions one thoughtful choice at a time.

“Together at SESP”

Challenge of the Issue

SESP has earned several national and international certifications that reflect our commitment to quality and excellence.

Can you list five certifications that SESP has achieved?

Send your answer to the internal email: sesp_pulse@sesp.edu.sa

Prize: A symbolic gift , your name featured in next week’s newsletter!

Previous Issue Challenge - SESP’S Values

- **Safety & Security**

We will work in a manner which is at all times safe for us and others and provide a secure environment across our institute.

- **Excellence**

We are committed to excellence in effectively and efficiently providing world-class education to secure employment opportunities

- **Sustainability**

We are all responsible for developing a sustainable culture of trust, transparency and learning. We strive to protect our environment, respect nature and use technology to reduce our impact on the environment.

- **Professional Partnerships**

We drive our polytechnic from the needs of local companies and act with professional purpose to exceed their expectations by partnering with trainees, colleagues, the local community, and our business partners, to ensure our outcomes are aligned to the current and future needs of the kingdom.

Special thanks to all who participated:

- Fawad Ali
- Areeb Ahmed Siddiqui.

Your participation and enthusiasm are truly appreciated! 🌟

That’s it for this week!
