SESP PULSE

# A Year of Progress

## AT SESP, WE ARE ONE FAMILY AND ONE TEAM

## About Us

Saudi Electric Services Polytechnic (SESP) was established on September 2012 for the purpose of providing a leading center in vocational learning in the Kingdom of Saudi Arabia, specializing in technical education for the power industry.

## Vision

To be a world-class vocational training institution, which is flexible and responsive to the needs of the power utility and construction industries.

## Mission

"To safely, effectively and efficiently train and develop the best prepared manpower for energy and construction sectors." – to better serve the Kingdom of Saudi Arabia workforce market.

## Our Specializations

SESP offers a diverse range of technical and vocational specializations that combine theoretical knowledge with practical training. These include renewable energy, electricity and smart grids, construction, and operations and maintenance, in addition to occupational health and safety programs. The institute also emphasizes the development of English language skills and personal competencies to enable trainees to compete confidently both locally and regionally.

## Values

### Safety & Security

We will work in a manner which is at all times safe for us and others and provide a secure environment across our institute.

### Excellence

We will work in a manner which is at all times safe for us and others and provide a secure environment across our institute.

### Sustainability

We are all responsible for developing a sustainable culture of trust, transparency and learning. We strive to protect our environment, respect nature and use technology to reduce our impact on the environment.

### Professional Partnerships

We drive our institute from the needs of Local Power Utility companies and act with professional purpose to exceed their expectations by partnering with trainees, colleagues, the local community, and our business partners, to ensure our outcomes are aligned to the current and future needs of the Kingdom.

# 2025

## 435+

Graduates in 2025

JTC 181

RTC 56

BTC 198

## 1975

Trainees

Health and Safety  
(OSHA & IOSH)

### Newly Approved Programs

- Hydrogen technology
- AI, Cybersecurity & Game Building
- Accommodation supervisor

### Key Initiatives & Presence

- Neom Talent (Riyadh and Jizan)
- Smart grid 2025
- Solar & Storage 2025
- Jeddah construct 2025
- Maintenance work for mosques in riyadh, Jizan and ras tanura

## Voices From The Heart Of SESP Team

**Dr. Rahim K. Jassim**

**Academic Manager - SESP**

The Saudi Electric Services Polytechnic (SESP) extends its sincere appreciation to its faculty and staff for their dedication and excellence throughout the past year. Your commitment and resilience have been the foundation of our success. We wish you continued achievement and progress in the year ahead.

**Saher Oklah**

**RTC**

I extend my sincere gratitude to the SESP team for the time and effort invested in the success and advancement of this great training institution. 2025 has truly been a year of significant achievements. These milestones were achieved only through the wise guidance of SESP management and the dedicated, collective teamwork of everyone at the Institute. Once again, from the heart, thank you all!

**Nick Coetzee**

**BTC**

I would like to thank and express my gratitude to SESP management for the support they always offered us. Thank you for the improvements and upgrade of the facilities and infrastructure at BTC. It is now up to us to take it further to deliver the goods. I thank you all for the past year. Wish you all the best for the next year.

**Wajdi Shaif**

**JTC**

To senior management, faculty, and staff, Thank you for your dedication and commitment throughout 2025. The milestones and deliverables achieved this year reflect your professionalism, teamwork, and shared commitment to excellence at SESP. Your collective efforts have made these successes possible, and they set a strong foundation for continued progress ahead.

**Bassem Amralla**

**HSE-SESP**

Your commitment and outstanding performance have collectively resulted in the remarkable achievement of Zero Lost Time Incidents (LTI) for the year. I encourage you to maintain this exceptional record of safety excellence.

**Gratitude to the magazine contest winners. Your excellence reflects your dedication to SESP. Thank you for your fantastic participation**

### **Setting the Standard: Quality in 2026**

As we conclude an outstanding year of achievements in 2025, it's vital to carry the momentum forward. Our success is a direct reflection of the quality mindset we embrace daily at SESP.

Quality is more than a metric; it is the foundation of our institution's future. For 2026, let us collectively commit to elevating our standards.

### **Take a moment to define your personal commitment:**

- Reflect on 2025: What was your biggest contribution to efficiency, accuracy, or safety?
- Look to 2026: What one quality habit will you champion? (E.g., perfect documentation, timely follow-ups, proactive communication, or meticulous planning.)

**Remember, SESP's excellence is built on consistent, thoughtful actions one choice at a time. Let's make 2026 our highest quality year yet.**

**Share Your Week!**

Scan or Click the QR code to share your achievements, moments of teamwork, or thoughts from this week.

Let's celebrate our journey — one story at a time.

## Moments from the Year

Every major milestone and successful event is powered by the dedication and professional efficiency of our invaluable SESP employees.
