WEEKLY NEWSLETTER

About Us

SESP is proud to be the first Strategic Partnerships Institutes selected to deliver and operate training programs for leading academies, such as the National Power Academy and the College of Applied Industrial Technology – Jazan University. This role reflects SESP's pioneering contribution to meeting the evolving needs of the energy and construction sectors.

Our Accreditation and Endorsement

With prestigious accreditations – ACCET , NOCN, City & Guilds, OSHA, ISO 9001, and Masar by ETEC – our institute stands out locally and internationally. What makes this possible is the dedication of our people. By working at SESP, you are part of a place that is not ordinary, but extraordinary – a place shaping the future, empowering youth, and supporting the ambitions of Vision 2030.

Last Week's News

- Each of our branches organized Saudi National Day celebration, with unique activities that highlighted the pride and spirit of our staff and trainees.

- We took part in the Jeddah Construct Exhibition, where we showcased our role in developing human capabilities for the future of the construction sector.

- In RTC, our trainees launched a community initiative by carrying out maintenance work in local mosques — a gesture that reflects SESP's values of service and social responsibility.

Abdullah Alhajri

Head of Student Affairs - JTC

“On Thursday, 25 September 2025, I visited Ras Tanura Municipality representing SESP-JTC. During the visit, I had the honor of meeting His Excellency Eng. Mohammed Jasim Al Jasim, Head of the Municipality. The visit was very successful and helped us further strengthen the social partnership between SESP and Ras Tanura Municipality, reaffirming our joint commitment to community development”

George Thabo

ESL Instructor

“One of my proudest moments this week was seeing a student grow from struggling with focus and articulation to confidently engaging and expressing themselves in English — a reminder of why I love teaching.”

Hany Wahba

ESL Instructor

“A CPD workshop showcased the TALOS platform, using AI avatars to create immersive English-speaking practice. The session highlighted how this technology can boost trainees’ fluency and confidence, with participants praising its innovation and practical value”.

Areeb Ahmed

Technical Instructor - JTC

“With our guidance, the trainees successfully fabricated a spark guard for the new pipe cutting and beveling machine. They handled the measuring, cutting, welding, and assembly, and the project was completed safely and effectively with the addition of a protective fire blanket.”

Behind the scenes

Because we believe that our success is the result of teamwork, we love to share with you these behind-the-scenes moments that make our achievements possible.

Reflect on Your Week Take a Moment for Yourself

A quick self-check can help you see your progress and grow stronger every week.

-  Did I complete my tasks on time?
-  Did I collaborate well with my team?
-  Did I bring in a new idea or initiative?
-  Did I stick to the work plan?
-  Did I improve the way I work?

 Rate yourself from 1 to 10 on each point. This is just for you to reflect and grow.

Pick one point you'd like to improve next week — small steps make big progress.
