SESP PULSE

WEEKLY NEWSLETTER

Together, we shape success!

**every success comes from many hands working with dedication
in the field, in the offices, and across every part of SESP.
Each one of you adds value that truly makes a difference.
Together, we grow. Together, we're proud.**

Our Values

Safety & Security

We will work in a manner which is at all times safe for us and others and provide a secure environment across our institute.

Excellence

We are committed to excellence in effectively and efficiently providing world-class education to secure employment opportunities

Sustainability

We are all responsible for developing a sustainable culture of trust, transparency and learning. We strive to protect our environment, respect nature and use technology to reduce our impact on the environment.

Professional Partnerships

We drive our polytechnic from the needs of local companies and act with professional purpose to exceed their expectations by partnering with trainees, colleagues, the local community, and our business partners, to ensure our outcomes are aligned to the current and future needs of the Kingdom.

SESP Aims

- To Empower individuals to achieve their professional and personal aspirations through high-quality, industry-relevant training and internationally recognized certifications.
- Align training outcomes with national and global labor market needs in the fields of energy, renewable energy, and construction.
- Foster innovation and technical entrepreneurship among trainees and staff to develop creative leaders for the industrial sector.
- Strengthen industrial partnerships by offering consultancy and training solutions grounded in research, data, and applied knowledge.
- Contribute to sustainable development and the well-being of Saudi society through responsible, safe, and smart technical education.
- Lead institutional excellence by adopting global standards in curriculum design, training delivery, assessment, and quality management.

Last Week's News

- SESP-RTC and JTC honored a group of Trainees for their outstanding academic achievement and discipline. This action reinforces the institute's commitment to motivating trainees, demonstrating that excellence is the ultimate goal.

Saudi Ceramics Company visited the Institute to learn about the training programs, workshops, and required equipment. This visit is aimed at strengthening the potential cooperation between our organizations.

- Meeting with the Ministry of Municipal and Rural Affairs and Housing to plan the training needs and workforce development within the construction and infrastructure sectors.

وزارة البلديات والإسكان

Ministry of Municipalities and Housing

- A training agreement was signed with Eastern Cables Company to enhance cooperation in developing skilled Saudi talent and supporting workforce localization in the energy sector.

كابلات الشرقية
Asharqiyah Cables

- A delegation from several Chinese companies visited the Riyadh branch to explore the institute's training programs and facilities, emphasizing its commitment to technical excellence and international collaboration.

Feras Muhaidat

MCTC's Project Manager at JTC

I'm proud to be part of SESP — a team built on experience, dedication, and resilience. Together, we've overcome challenges and grown stronger with every step. Our shared commitment to quality, learning, and professional excellence continues to shape a brighter future for both our staff and trainees. Here's to more success, growth, and pride in what we do.

Shoaib Mohammed Khan

Safety Advisor - JTC

I'm glad to share one of my recent achievements — updating the Fire Evacuation Plan for the JTC Campus and successfully conducting a fire drill based on the new plan.

I also developed a policy regulating the use of emergency doors, which has been approved by SESP's competent authority and officially added to the Policy, Procedures, and Regulations Manual (PPRM).

Bilal Bin Tariq

Technical Instructor (Electrical) - RTC

Perform the practical to troubleshoot various electrical components in the control cabinet of wind turbine.

Najla Ahmed

TAU- BTC

I'm truly happy and proud to be part of SESP's community outreach initiatives, especially seeing our trainees participate with such enthusiasm and dedication. Their positive energy, teamwork, and genuine desire to make a difference remind me every day of the real impact we can create together.

Share Your Week!

Let's celebrate our journey — one story at a time.

Behind the scenes

Because we believe that our success is the result of teamwork, we love to share with you these behind-the-scenes moments that make our achievements possible.

A team from Maersk Training visited RTC to review the facilities and verify compliance with the Global Wind Organisation (GWO) standards

A morning Safety Toolbox Talk was conducted to raise awareness among trainees and staff about safe practices and reinforce SESP's culture of safety in daily operations.

Activating Student Engagement in Classrooms to Enhance Safety Awareness

SESP_JTC students advisory council meeting, the Trainees Affairs Head met with the students to explain to them the role of the council.

Reflect on Your Week Take a Moment for Yourself

True teamwork isn't about how well we work with others
it's about how we allow others to work because of us.

Ask yourself this week:

- Do people feel more confident or more cautious when I'm around?
- Do I listen to understand, or to respond?
- Do I make it easier for others to do their best work?

Because great teams aren't built by chance — they're built by choice, one supportive action at a time

“Together at SESP”

Challenge of the Week

Let's see how well we all understand the purpose behind what we do every day.

What is SESP's mission — in your own words?

Send your answer to the internal email: sesp_pulse@sesp.edu.sa

Prize: A symbolic gift , your name featured in next week's newsletter!

Last Week's Winner

Waseem Shamraiz <w_shamraiz@sesp.edu.sa>
to me ▾

Thu, Oct 16, 2:48 PM (7 days ago)

Respected sir ,
The answer to the question is

It started in september 2012 Baish
Second campus in juaymah in 2013
Third campus in 2014 in Riyadh

We are delighted to announce that the winner of last week's challenge was Waseem Shamraiz 🎉 for being the first to answer correctly.

Special thanks to all who also answered correctly:

- Ahmed Jamal Ibrahim
- Edwin Isidro
- Fawad Ali

Your participation and enthusiasm are truly appreciated! 🌟

That's it for this week!

Don't forget to join the challenge and check if your name will be featured in our next issue
