SESP PULSE

WEEKLY NEWSLETTER

GOLD:

Saudi Electric Services Polytechnic

Together, we build a safer workplace!

This Gold-level ATP award is more than just recognition; it's a milestone of shared success and pride for everyone involved in sesp . It stands as a clear reflection of the trust, dedication, and collaborative spirit that powers our pursuit of top-tier safety education.

Our Vision:

To be the national leader in technical training for the energy and construction sectors; to anchor standards locally and amplify them regionally and globally; and to lead sustainability and digital transformation with a deeply rooted culture of safety and quality.

Our Mission:

We empower Saudi young men and women to lead the future of energy and construction through inspiring training, high-caliber hands-on learning, and close industry partnerships; and we build global bridges to transfer expertise and knowledge, catalyzing Saudi innovation that sets the benchmark.

السادة/ المعهد السعودي التقني لخدمات الكهرباء - المحترمين -

بناءً على طلبكم في تقديم برنامج تقنية طاقة الهيدروجين، نفيدكم بأن المركز الوطني للشراكات الاستراتيجية قد قام بالتحقق من الضوابط والشروط الأولية للبرامج التدريبية في المعهد وبناءً عليه فقد تمت الموافقة على تقديم البرنامج التدريبي التالي:

تقنية طاقة الهيدروجين

اسم البرنامج التدريبي

- We are pleased to announce that our institution has received official approval to introduce Hydrogen Energy Technology as part of our Associate Diploma Program.

As part of their ongoing professional development, our trainees recently attended the Solar and Storage Expo, where they explored the latest advancements in renewable energy technologies. The event provided them with valuable insights into emerging trends in solar power, energy storage solutions, and sustainable innovation knowledge

- A delegation from Al Majma'ah University visited SESP to explore potential areas of collaboration and future partnership opportunities.

- The meeting focused on strengthening academic and training ties to support workforce development.

A specialized PVI training program for renewable energy companies, focusing on solar panel system installation and practical applications to enhance participants' technical skills in photovoltaic development

- "Honoring outstanding trainees from Expertise Company for attendance at the end of the second semester."

Bilal Bin Tariq**Technical Instructor (Electrical) – RTC**

Honoured to represent Sesp at solar & storage exhibition 2025

**Areeb Ahmed****Technical Training Supervisor – JTC**

The trainees of Intake 09 completed their final graduation projects., demonstrating the effort they put into their training at the SESP and earning the appreciated of the graduation projects' supervisory committee.

Ahmed Sohail**Technical Trainer Pipefitting – JTC**

SESP JTC is Very Happy to share that the MAHARAT 9th Intake trainees successfully completed their training and graduated last week. We wish them success in their future careers as well.

**Hazam Abdullah****Admin Assistant – RTC**

Trainees from the institute showcased innovative, sustainable renewable energy projects at a recent exhibition, promoting the new generation's commitment to clean energy. One trainee received recognition for their active and outstanding contribution, underscoring the institute's dedication to fostering creativity and supporting trainees in national events aligned with Saudi Vision 2030.

Let's celebrate our journey — one story at a time.

Behind the scenes

Because we believe that our success is the result of teamwork, we love to share with you these behind-the-scenes moments that make our achievements possible.

"Trainees' tours for the Renewable Energy Program to learn about the latest technologies in the field of renewable energy."

Honoring the Winners of Newsletter,
"Abdulaziz Masmali and Adil Khan"

Influenza vaccinations for trainees in
Juaymah

Reflect on Your Week Take a Moment for Yourself

Safety isn't just about rules — it's about awareness and care.
Each time you pause, check, or remind someone, you lead by example.

Ask yourself this week:

Do I treat safety as a habit or a true value in my daily work?

When I notice something unsafe, do I speak up or stay silent?

How can I make others feel safer because of my actions this week?

Because every safe action — no matter how small — protects something bigger than you think.

“Together at SESP”

Challenge of the Week

We take pride in every SESP branch and in everyone who helped shape our journey.

This week’s question: Where did SESP’s story begin, and when did it start expanding to new campuses?

Send your answer to the internal email: sesp_pulse@sesp.edu.sa

Prize: A symbolic gift , your name featured in next week’s newsletter!

Last Week’s Winner

Raheel Kamran <r_kamran@sesp.edu.sa>

MASAR institutional accreditation

Engr. Raheel Kamran
Technical Instructor, Saudi Electric Services Polytechnic
+966558240132 | r_kamran@sesp.edu.sa

We are delighted to announce that the winner of last week’s challenge was Raheel Kamran 🎉 for being the first to answer correctly.

Special thanks to all who also answered correctly:

- Faisal Rafique Ahmed
- Abdulhakim AlMansoori
- Ali Ahmed
- Mohammed Mateen

Your participation and enthusiasm are truly appreciated! ☀️

That’s it for this week!

Don’t forget to join the challenge and check if your name will be featured in our next issue
